RE: Platinum Pipeline

To Whom It May Concern:

I'm pleased to recommend Platinum Pipeline as the subcontractor of choice for your project. I had worked with them on a previous project for the Las Positas College Maintenance and Operations Facility. This project had some difficult soil conditions and they had performed not only a quality job for us, but had excellent communications throughout the project and worked through all of the issues.

I recommend them without hesitation, and if given the opportunity, would hire them again for future projects.

Please don't hesitate to call if you would like to discuss Platinum Pipeline further.

Sincerely,
ROBERT A. BOTHMAN, INC.
